9. CORRESPONDENCE

- 9.1 Mayor Kaboolian stated that we have received correspondence from residents Eda Kapsis asking the Village to consider amending the Village Code to include a provision to prohibit Elected Officials and Village Employees to serve as District Leaders.

Eda Kapsis Ardsley resident read the following statement:

Good evening to all on this Spring equinox. My name is Eda Kapsis, Victoria Road.

I am here today as I was encouraged via email by the Board to ask both the Board and the public to commence discussion about specific types of concurrent service. I prepared remarks to explain. The reading aloud takes approximately 3 minutes. Is that time workable? [~] Thank you. Once I've read these remarks, I will send a digital copy for ease in adding to the minutes for today, March 20, 2023. Before I begin, I recognize the dedicated service requiring many hours given by this Board as well as persons compensated by the Village. I also recognize the dedicated service of members of local party nominating committees designated to serve Ardsley's election districts.

These remarks summarize correspondence since February 7th with members of the Board and a party nominating committee. On February 7th I attended the committee's renewed public forum designed to introduce nominees seeking to advance to the November ballot. The discussion during the forum Q&A turned to gaps in committee by-laws including queries about Ardsley's seated Trustees and persons compensated by the Village concurrent service on the nominating committee. The discussion focused on the responsibilities of committee members to debate nominee qualifications, etc. and then vote up or down to advance nominees to the ballot. The discussion revealed that seated Trustee committee members were positioned to vote to advance themselves and to determine who would, or would not, advance to the ballot for service as their peers. In addition, it was clear that compensated individuals serving as members had the same responsibilities: to participate in debate and to vote on who would or would not be added to lead the government that was compensating them. Given these irregularities, the nominating committee members indicated they were working to (quote) 'modernize' (unquote) their by-laws to reflect the best practices of NY municipalities that have progressed to restrict these types of concurrent service.

I believe that this type of concurrent service risks key systems of democracy. I believe these practices do not serve the interests of Village stakeholders, especially constituents and employees. I believe these practices foster ineffective communication and can create an imbalance in decision making. The opportunity in this moment is: 1. to recognize the risks to election integrity and 2. to act to remediate the integrity of communications, including debate about the selection of nominees, and the relevant procedures that are core to our local democracy.

I ask the Board to take up review of best practices by NY municipalities that have progressed in redefining guidelines for service and thus more consistently protect against undue influence by good - and bad - actors alike. And I urge this Board to draft and enact appropriate policies promptly to safeguard against these risks in our municipality.

And with an eye to timely and simple actions that best serve the Ardsley community, I ask that seated members of the Board and individuals compensated by the Village do

the right thing and step off nominating committees without delay. I believe that, especially in our present era, any revision of committee by-laws and steps to succeed members in vacated election districts should take place independent of both seated members of the Board and those performing compensated work for the Village.

Thank you. I wish you and yours a wonderful Spring!

Mayor Kaboolian also added:

- Received additional correspondence from Ardsley resident, Jodie Reaver regarding adding charging stations to the Village and also asked the Village to consider a Police Committee. Police Committee will be discussed at a future Work Session. Chargers were requested in the Grant to Congressman Bowman's office.
- Received an email from resident, Gary Rappaport regarding the budget. These items will be discussed at the budget work session on Wednesday.
