Contractors bidding the referenced project are advised of the following revisions to the Bid Documents to address questions received.

- 1. I am looking for the start and finish dates for the Heatherdell Road Sidewalk Improvement and Guide Rail Project.*

The Village would prefer the work to take place during the summer, however this will be further discussed once the bidder has been awarded. See specifications for contract duration. At this time it appears construction may proceed, however this is subject to any restrictions that may be imposed by any State Executive order, or interpretation of such order.

- 2. Please advise if the Pollution insurance is necessary.*

This will not be required.
