RE: Day Day Spa, LLC 800 Saw Mill River Road

Charlie Olszewski, on behalf of his client He Qiujiang, applied for a permit to convert the vacant commercial space at 800 Saw Mill River Road into a day spa (no that is not a typo above). The space was previously occupied by a nail salon and this is the last vacant store in the shopping center.

According to Mr. Olszewski, the services provided will consist of facials, arm, head, neck and foot massage and body works. Xizhe Wang is a licensed massage therapist and He Qiujiang is a licenses cosmetologist. The full scope of "body works" will have to be explained at the public hearing.

It appears that the business will not be more intensive than the former nail salon establishment. However, since the space has been vacant for many years, VB approval is required. The VB should declare itself Lead Agency for site Plan review and schedule a public hearing for the 10/3 meeting.

Let me know if you need any additional information.

RE: Day Day Spa, LLC 800 Saw Mill River Road

As you know, Charlie Olszewski, on behalf of his client He Qiujiang, applied for a permit to convert the vacant commercial space at 800 Saw Mill River Road into a day spa (no typo above). The space was previously occupied by a nail salon and this is the last vacant store in the shopping center. It appears that the business will not be more intensive than the former nail salon establishment. However, since the space has been vacant for many years, VB approval is required. In addition to the conditions listed below, the VB should have the applicant state the full scope of the "body works" that the business will provide and add that description into the conditions for future reference.

Any approvals should contain the following conditions:

1. The applicant must provide plans for the remainder of the build-out showing full compliance with the NYS Building Code.
2. The applicant must obtain the required permits prior to commencing construction for the build-out.
3. The applicant must obtain a sign permit and BAR approval for all proposed signage.
4. The hours of operation and number of employees per shift should be identified/confirmed.
5. The business owner must provide copies of the cosmetology and message therapist licenses.
6. The business must comply with all of the regulations pertaining to the cosmetology and message therapist licenses.
7. The business owner or property owner must install a key box (Knox Box) on the building in a location approved by the Ardsley Fire Chief.

Coronavirus 2019

July 2022

August 2022

Today, CDC is streamlining its COVID-19 guidance to help people better understand their risk, how to protect themselves and others, what actions to take if exposed to COVID-19, and what actions to take if they are sick or test positive for the virus. COVID-19 continues to circulate globally, however, with so many tools available to us for reducing COVID-19 severity, there is significantly less risk of severe illness, hospitalization and death compared to earlier in the pandemic.

“We’re in a stronger place today as a nation, with more tools—like vaccination, boosters, and treatments—to protect ourselves, and our communities, from severe illness from COVID-19,” said Greta Massetti, PhD, MPH, MMWR author.

“We also have a better understanding of how to protect people from being exposed to the virus, like wearing high-quality masks, testing, and improved ventilation. This guidance acknowledges that the pandemic is not over, but also helps us move to a point where COVID-19 no longer severely disrupts our daily lives.”

In support of this update CDC is:

- Continuing to promote the importance of being [up to date with vaccination](#) to protect people against serious illness, hospitalization, and death. Protection provided by the current vaccine against symptomatic infection and transmission is less than that against severe disease and diminishes over time, especially against the currently circulating variants. For this reason, it is important to stay up to date, especially as new vaccines become available.
- Updating its guidance for people who are not up to date on COVID-19 vaccines on what to do if exposed to someone with COVID-19. This is consistent with the existing guidance for people who are up to date on COVID-19 vaccines.
- Recommending that instead of quarantining if you were exposed to COVID-19, you wear a high-quality mask for 10 days and get tested on day 5.
- Reiterating that regardless of vaccination status, you should isolate from others when you have COVID-19.

- You should also isolate if you are sick and suspect that you have COVID-19 but do not yet have test results.
 - If your results are positive, follow CDC’s full isolation recommendations.
 - If your results are negative, you can end your isolation.
- Recommending that if you test positive for COVID-19, you stay home for at least 5 days and isolate from others in your home. You are likely most infectious during these first 5 days. Wear a high-quality mask when you must be around others at home and in public.
 - If after 5 days you are fever-free for 24 hours without the use of medication, and your symptoms are improving, or you never had symptoms, you may end isolation after day 5.
 - Regardless of when you end isolation, avoid being around people who are more likely to get very sick from COVID-19 until at least day 11.
 - You should wear a high-quality mask through day 10.
- Recommending that if you had [moderate illness](#) (if you experienced shortness of breath or had difficulty breathing) or [severe illness](#) (you were hospitalized) due to COVID-19 or you have a weakened immune system, you need to isolate through day 10.
- Recommending that if you had [severe illness](#) or have a weakened immune system, consult your doctor before ending isolation. Ending isolation without a viral test may not be an option for you. If you are unsure if your symptoms are moderate or severe or if you have a weakened immune system, talk to a healthcare provider for further guidance.
- Clarifying that after you have ended isolation, if your COVID-19 symptoms worsen, restart your isolation at day 0. Talk to a healthcare provider if you have questions about your symptoms or when to end isolation.
- Recommending screening testing of asymptomatic people without known exposures will no longer be recommended in most community settings.
- Emphasizing that physical distance is just one component of how to protect yourself and others. It is important to consider the risk in a particular setting, including local COVID-19 Community Levels and the important role of ventilation, when assessing the need to maintain physical distance.

Actions to take will continue to be informed by the [COVID-19 Community Levels](#), launched in February. CDC will continue to focus efforts on preventing severe illness and post-COVID conditions, while ensuring everyone has the information and tools, they need to lower their risk.

This updated guidance is intended to apply to community settings. In the coming weeks CDC will work to align stand-alone guidance documents, such as those for healthcare settings, congregate settings at higher risk of transmission, and travel, with today’s update.

[HISTORY: Adopted by the Board of Trustees of the Village of Ardsley 3-19-2018 by L.L. No. 2-2018. Amendments noted where applicable.]

§ 81-1 Legislative findings; intent and purpose; authority.

- A. It is the policy of both the Village of Ardsley and the State of New York to reduce costs and provide cost certainty for the purpose of economic development, to promote deeper penetration of energy efficiency and renewable energy resources such as wind and solar,

and wider deployment of distributed energy resources as well as to examine the retail energy markets and increase participation of and benefits for ~~residential and small commercial customers~~ Eligible Customers in those markets. Among the policies and models that may offer benefits in New York is community choice aggregation (“CCA”), which allows local governments to ~~determine the default supplier of electricity~~ procure electric and natural gas supply on behalf of its ~~residential and small commercial customers~~. Eligible Customers.

B. The purpose of this CCA Program is to allow participating local governments including the Village of Ardsley to procure Energy Services, such as energy supply service and Community Distributed Generation (CDG) Credits for their ~~residential and small commercial customers~~ Eligible Customers, who will have the opportunity to opt out of the procurement, while maintaining transmission and distribution service from the existing ~~distribution utility~~ Distribution Utility. This Chapter establishes a program that will allow the Village of Ardsley to put out for bid the total amount of natural gas and/or electricity being purchased by local ~~residential and small commercial customers~~. Energy Services for bid. Eligible Bundled eCustomers will have the opportunity to have more control to lower their overall energy costs, to spur clean energy innovation and investment, to improve customer choice and value, and to protect the environment; thereby, fulfilling the purposes of this eChapter and fulfilling an important public purpose.

C. The Village of Ardsley is authorized to implement this Community Choice Aggregation (Energy) Program pursuant to §-Section 10(1)(ii)(a)(12) of the New York Municipal Home Rule Law; and State of New York Public Service Commission Case No. 14 M-0564, ~~Petition of Sustainable Westchester for Expedited Approval for the Implementation of a Pilot Community Choice Aggregation Program within the County of Westchester, Order Granting Petition in Part (issued February 26, 2015), as may be amended, including subsequent orders of the Public Service Commission issued in connection with or related to Case NO. 14 M-0564 (collectively, the order). "Order" shall also mean orders of the Public Service Commission related to State of New York Public Service Commission Case No. 14-M-0224, Proceeding on Motion of the Commission to Enable Community Choice Aggregation Programs (issued December 15, 2014) to the extent that orders related to Case No. 14 M-0224 enable actions by the Village of Ardsley not otherwise permitted pursuant to orders related to Case 14 M-0564; provided, however, that in the event of any conflict between orders from Case NO. 14 M-0564 and orders from Case No. 14 M-0224, orders from Case No. 14 M-0564 shall govern the CCA Program.~~ April 20, 2016, hereinafter the CCA Framework Order).

D. This Chapter shall be known and may be cited as the "Community Choice Aggregation (Energy) Program Law of the Village of Ardsley."

RE: Day Day Spa, LLC 800 Saw Mill River Road

Charlie Olszewski, on behalf of his client He Qiujiang, applied for a permit to convert the vacant commercial space at 800 Saw Mill River Road into a day spa (no that is not a typo above). The space was previously occupied by a nail salon and this is the last vacant store in the shopping center.

According to Mr. Olszewski, the services provided will consist of facials, arm, head, neck and foot massage and body works. Xizhe Wang is a licensed massage therapist and He Qiujiang is a licenses cosmetologist. The full scope of "body works" will have to be explained at the public hearing.

It appears that the business will not be more intensive than the former nail salon establishment. However, since the space has been vacant for many years, VB approval is required. The VB should declare itself Lead Agency for site Plan review and schedule a public hearing for the 10/3 meeting.

Let me know if you need any additional information.

RE: Day Day Spa, LLC 800 Saw Mill River Road

As you know, Charlie Olszewski, on behalf of his client He Qiujiang, applied for a permit to convert the vacant commercial space at 800 Saw Mill River Road into a day spa (no typo above). The space was previously occupied by a nail salon and this is the last vacant store in the shopping center. According to Mr. Olszewski, the services provided will consist of facials, arm, head, neck and foot massage and body works. It appears that the business will not be more intensive than the former nail salon establishment. However, since the space has been vacant for many years, VB approval is required. In addition to the conditions listed below, the VB should have the applicant state the full scope of the "body works" that the business will provide and add that description into the conditions for future reference.

Any approvals should contain the following conditions:

1. The applicant must provide plans for the remainder of the build-out showing full compliance with the NYS Building Code.
2. The applicant must obtain the required permits prior to commencing construction for the build-out.
3. The applicant must obtain a sign permit and BAR approval for all proposed signage.
4. The hours of operation and number of employees per shift should be identified/confirmed.
5. The business owner must provide copies of the cosmetology and message therapist licenses.
6. The business must comply with all of the regulations pertaining to the cosmetology and message therapist licenses.
7. The business owner or property owner must install a key box (Knox Box) on the building in a location approved by the Ardsley Fire Chief.
8. Any conditions the VB deems appropriate.
9. Any conditions the Village Attorney or Village Manager deem appropriate.

Let me know if you need any additional information.
