JUNETEENTH PROCLAMATION

WHEREAS, our country is made up of people from every nation on earth, who are declared equal not only in freedom but also in justice, both of which are essential for a healthy human civilization; and

WHEREAS, our nation was conceived on July 4th, 1776 with the Declaration of Independence, the classic statement being: “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness”; and

WHEREAS, on January 1, 1863, President Abraham Lincoln issued the Emancipation Proclamation, which declared “that all persons held as slaves” within the Confederate states “are, and henceforward shall be free” and “that the Executive government of the United States, including the military and naval authorities thereof, will recognize and maintain the freedom of said persons”; and

WHEREAS, the Emancipation Proclamation had little impact on the Texans due to the minimal number of Union troops to enforce the new Executive Order; and

WHEREAS, on April 9, 1865, almost two years after the Emancipation Proclamation was issued, Robert E. Lee surrendered to Lieutenant General Ulysses S. Grant at Appomattox Court House; and

WHEREAS, on June 19, 1865, two years after the Emancipation Proclamation was issued, Union troops led by Major General Gordon Granger arrived at Galveston, Texas, and were finally strong enough to influence and overcome the resistance and deliver the news that the Civil War had ended, and that enslaved Africans were free; and

WHEREAS, upon his arrival in Texas, Major General Granger issued General Order Number 3 which stated “[t]he people of Texas are informed that in accordance with a Proclamation from the Executive of the United States, all slaves are free. This involves an absolute equality of rights and rights of property between former masters and slaves.”; and

WHEREAS, although Juneteenth is thought of as “the end of slavery”, emancipation for those enslaved in two Union border states (Delaware and Kentucky), would not come until several months later, on December 18, 1865, when ratification of the Thirteenth Amendment to the Constitution which formerly abolished slavery in the United States was announced; and

WHEREAS, Juneteenth is the oldest nationally celebrated commemoration of the ending of slavery in the United States. On June 19, 1865, Union Major General Gordon Granger rode into Galveston, Texas to announce that the Civil War had ended, and slaves had been freed; and
Village of Ardsley Board of Trustees Agenda-June 7, 2021

WHEREAS, Juneteenth is a combination of “June” and “nineteenth,” in honor of the day that Major General Gordon Granger announced the abolition of slavery in Texas. The holiday is also known as Freedom Day or Emancipation Day; and

WHEREAS, the vestiges of slavery and racism still permeate throughout New York State, and the United States, and are represented in names of places and monuments; and

WHEREAS, the Black Lives Matter movement challenges us to reexamine our core values as a village, state, and nation, and to ensure freedom, liberation, and justice; and

WHEREAS, it is necessary for our entire Village, State and Country to be aware of the importance of this holiday to our Black neighbors; and

NOW, THEREFORE, I, Nancy Kaboolian, Mayor of the Village of Ardsley, recognize Juneteenth in the Village of Ardsley as a testament to freedom, liberation, and justice, and a day where Black life, Black history, and Black culture is honored and celebrated.

2020 Annual Stormwater Report

1. Lorraine Kuhn presented a Power Point presentation to the Board of Trustees regarding water conservation & reuse. Presentation of NYS DEC Stormwater (SW) Annual Report 2020 (SW Year March 9, 2020 to March 9, 2021). As an MS4 (Municipal Separate Storm Sewer System), the Village of Ardsley is required to prepare and submit a SW Annual Report to NYS DEC. The MS4 program covers 6 Minimum Measures (Outreach & Education, Public Participation, Illicit Discharge Detection & Elimination, Pre-construction SW Control, Post-construction SW Control, and Municipal Good Housekeeping). These measures must be addressed each year to maintain the Village of Ardsley SPDES permit (State Pollution Discharge Elimination System) which allows the Village to drain stormwater to local waterbodies.

Ms. Kuhn provided 5 Tips:

1. Plant native
2. Stop using lawn chemicals-fertilizer runoff causes harmful blue green algal blooms that can sicken and even kill wildlife, pets & people.
3. Don't water the street!-Aim your sprinklers properly.
4. Always pick up the poo!-Keep it out of our waterways & try plant-based plastic bags.
5. Stop smoking!-They're toxic for people, pets and wildlife both on the ground and in our waterways.

CORONAVIRUS 2019:

- The Coronavirus is still infecting people and the village has seen a steady uptick in cases so please wear your masks and follow the CDC recommendations listed below.

Prevention:

The best way to prevent illness is to avoid being exposed to this virus. However, as a reminder, CDC always recommends everyday preventative actions to help the spread of respiratory disease including:

- Avoid close contact with people who are sick.
- Avoid touching your eyes, nose & mouth.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces using a regular household cleaning spray or wipe.
- Follow CDC's recommendations for using a facemask.
 - CDC does not recommend that people who are well wear a facemask to protect themselves from respiratory diseases, including COVID-19.
 - Facemasks should be used by people who show symptoms of COVID-19 to help prevent the spread of the disease to others. The use of facemasks is also crucial for health works and people who are taking care of someone in close settings (at home or in a health care facility).
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose,

coughing or sneezing.

If soap and water are not readily available, use an alcohol based hand sanitizer with at least 60% alcohol. Always wash hands with soap and water if hands are visibly dirty.

For information about handwashing, see CDC's Handwashing website:

<https://www.cdc.gov/handwashing/index.html>

For information specific to healthcare, see CDC's Hand Hygiene in Healthcare Settings:

<https://www.cdc.gov/handhygiene/index.html>

These are everyday habits that can help prevent the spread of several viruses. CDC does have specific guidance for travelers.

How to Protect Yourself & Others

- Older adults and people who have severe underlying medical conditions like heart or lung disease or diabetes seem to be at high risk for developing serious complications from COVID-19 illness.
- Know how it spreads
- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes, or talks.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

Some recent studies have suggested that COVID-19 may be spread by people who are not showing symptoms.

Re: Historical marker for Ardsley Depot

Please approve the installation of an historical marker on the west side of Elm Street near the entrance to the South County Trailway. This marker would commemorate the location of the Ardsley Depot, the train station for the Putnam Division of the New York Central railroad (the "Old Put"). This railroad was the primary reason for the transformation of the Village of Ardsley from a farming community to a residential community.

This marker is made of cast aluminum and the size is 18 inches by 32 inches. It would be attached to a 7-foot pole which is also made of cast aluminum.

Respectfully submitted,

Peter Marcus, President
