GREEN Growing: Do you have a healthy lawn?

Do you have a healthy lawn? It seems like a simple question, but how do you define healthy?

Covid-19 restrictions have reacquainted many of us with our yards. Our families and pets are spending more time outdoors playing, exploring, and enjoying. We all want a safe and beautiful place to relax.

Is it possible to create a good-looking lawn using safe, sustainable practices? Absolutely. By adopting a few simple practices, you can have an attractive lawn, a safe place for your family and pets, and save money. And you can help the environment at the same time. A winning combination.

Click **here** to see 10 simple tips on how to create and maintain a healthy, sustainable lawn.

Happy summer!
